

Alaska Judicial Council

Judicial Applicant Biographical Statement

Name: Dustin Pearson

Position(s): Anchorage District Court

Date: April 17, 2025

Like many of us, I arrived in Anchorage many years ago for work with the clothes on my back and an infant child to feed. Then gambled it all on a shot at the bar exam after a year. The plan may not have initially been to make this place home, but the tight knit community and the opportunities to grow made it hard to resist.

I've spent the last 14 years making this town my home and serving as a Prosecutor for the city. There have been good times and there have been bad. But I reckon I've done business with most of the criminal bar in this town at one point or another. I'll let that work speak for itself.

I've appeared daily before this District Court my entire career and I'm humbled by your consideration to join its ranks.
